Subject: Vi skal til at bruge CyberPilots nye platform til awareness-træning

Hej alle

Vores partner inden for IT sikkerheds-awareness-træning, CyberPilot, har foretaget nogle spændende ændringer. De har en ny platform, hvor awareness-træning vil blive foretaget på fra nu af. Vi har aftalt med CyberPilot at de flytter os over på den nye træningsplatform d. xx-xx-xxxx

Hvad betyder det for dig?

1. Du får en forbedret brugeroplevelse, når du tager kurser.
2. Du vil få adgang til awareness-trænings-platformen via en anden URL.
URL: <https://app.cyberpilot.io>
3. Du vil modtage en e-mail fra CyberPilot, der byder dig velkommen til den nye platform. Det er ikke phishing.
Mail kommer fra: notify@app.cyberpilot.io
4. Ved første login bliver du bedt om at ændre dit password.

Du er velkommen til at kontakte til mig, hvis du har spørgsmål vedrørende dette eller vores IT sikkerheds-awareness-træning generelt.

De bedste hilsner,

XXX

Subject: We are going to use CyberPilot's new platform for awareness training

Hi everyone,

Our partner for IT security awareness training, CyberPilot, has made some exciting changes. They have a new platform where we will do our awareness training from now on. We have agreed with CyberPilot that we are moved to the new platform **on xx-xx-xxxx**

What does this mean for you?

1. You'll get an improved user experience while taking courses
2. You will access the awareness training platform through a different URL.
URL: <https://app.cyberpilot.io>
3. You will get an email from CyberPilot welcoming you to the new platform. This is not phishing.
Mail will come from: notify@app.cyberpilot.io
4. The first time you login in, you will be asked to reset your password

Please feel free to contact me if you have any questions about this or our IT security awareness training in general.

Best,

XXXX
